Coach O'Dea Working Hard to Turn Out Strong Football Team at Columbia.

REPUBLIC SPECIAL Columbia, Mo., Sept. 11.-Football practice at the University of Missouri is becoming more enthusiastic each day. A large squad was on the field this afternoon to participate in the daily practice. The cool weather of this week has a good effect on the practice, which has been of the snappy kind from the start. The practice is at present being held on the University quadrangle while the athletic field is being put

ing up well and a full team of old men was on the field this afternoon. Dector C. W. Hetherington, athletic direc tor, arrived yesterday and was out on the field watching the practice with his usual interest. Coach O'Dea is working hard and sparing no labor in correcting awkward-ness in handling the ball and instructing

in condition. The good material is show-

the men individually.

The practice started as usual with kick ing the ball over the field and both the kicking and catching of the ball showed improvement over the previous day. Maupin, an old man, who was kept off the field last year by his studies, is trying for full back. He has good kicking ability

and is improving at every practice. Jesse acting as center, passed the bail to Maupin who kicked to the men who are trying for positions in the line, while the men trying for positions behind the line ran in pairs down the field when the ball was put into play. Birney showed his usual speed, Malsbury and Jacoby made good showings. Josse was placed at center, Birney at quar-ter, Maupin at full back, Wolf and Holiday, new men, at halves. The backs were inin carrying the ball, being timed by a watch.

While this was going on, "Big" Hayes had some of the men who are trying for places in the line practicing starting and getting down low. Bek was acting center. Hayes right guard, Frazier left guard and Hoff as right tackle. The last of the prac-tice consisted of falling on the ball. "Izzy" Anderson, an old man, in falling, landed on his shoulder and slightly strained the liga-ments. His injury is not regarded as serious, but is much regretted by all for he is a strong man, having won an "M" each of the past two years.

of the past two years.

Among the new men out were Twyman of Shelbina, Wood of Columbia and Holliday. Twyman has had some experience at football and puts up a good showing. Wood is a big man, and will try for the line. Holliday is quick and easy in movement. Lushbaugh, captain of Company A last year, was out for the first time. Hoff was also out for the first time. Hoff was also out for the first time this year. He piayed right guard against "Big Red Water" in the Haskell Indian game last year. He is in good condition and weighs 185 pounds.

TO-DAY'S HARLEM ENTRIES.

New York, Sept. 11 .- Local turfmen were ing equine star in the hards of a Christian science practitioner and the outcome of the treatment has astonished the horse's owner, who declares that the animal is once more fit to race for any man's money. The horse is Lord Vincent, winner of the famous \$10,000 Transylvania Stakes at Lexington, Ky., and the owner is Willism Todd.

After he had won the Transylvania Stakes two years ago the stallion went all to pieces. Trainer John Splanes and various veterinarians could not get the horse into form and so he was retired. Last spring a Christian Science woman in Youngstown, O. asked permission to work on the horse and Mr. Todd was much surpuled to see Lord Vincent spruce up, take to his feed and begin to notice things. He is now going very fast and is said to be a dangerous competitor in the 2:53 class.

"CLEM" JENKINS SUSPENDED.

London, Sept. 11.-After the race for the St. Ledger Stakes at Doncaster yesterday "Clem" Jenkins, the American jockey, was suspended for the rest of the meeting by the stewards for carcless and dangerous riding. "Dunny" Maher reported his com-patriot for foul riding.

The Beer was very good to-day, was free of the competition of the contenders in the early part of it and won pulled up. Four Leaf began slowly, but closed fast. ner and needs a very strong boy to get him going.

Mudiavia's races are never alike. One day she beats Pickles a block, next day Pickles beats her, and so forth. At all times look out for A Lark. Dotty Shrie is said to be a mudder. She may be, but she did not show it in her only start at Delmar. Dominate and Mabel Richardson have the third race between them. Mabel is a good-looking filly and will go well. She had an easy race under Haack last time out. Baker Waters had just the same kind of a race and Haack previous time out. See what he did yesterday. The day Mabel Richardson finished last behind Bengal and that lot she ran to the five-furlong ground before Haack could pull her up, so full was she of run. One More, Anything and Tenedos will all go well. Lexington, Ky., Sept. 11.-The historic Kentucky Association race course has been sold by Charles Green of St. Louis to J. J. Douglass of Louisville, Ky., for \$40,000. Tenedos will all go well.

Unless his tremendous race last Wednesday hurt him Ed L. should win the handlicap. They say Icicie is a rank quitter, and that he will stop if anything tackles him. Mabel Winn made him stop, but there are no Mabel Winns here. Fitzkanet is pretty well weighted. Mr. Magin has a great respect for Fitzkanet. There is a lot of speed in the race and Fitz is the gamest horse of the three aged ones. Neither Gehelmness nor Ma'amselle seems to have much of a chance.

Of course, bettors must follow Foundling. She has been winning and there does not seem to be much speed in with her here. Bacchus had her straight as a string at Kinloch, a mile in 1:41 one day, but he does not seem to be a lucky horse. He beat Taby Tosa at this distance, however, and his race behind Lunar was good. His last race was poor. He did not seem to like the soft going and he was kept in it while the others had the best going in the track center. Varro has an undeniable chance, but Foundling seems to hold him safe.
